THE PROOF ; ATLANTA, GA., Novem'e 18, Van' Alstina, Esq., Barnesvilla, Ga.:

DEAR SIN—You must excuse me for this outburst of praise for your invaluable mediciae, and thanks to you foor placing it within my reach. Let me tell o you shou it: To-night, after supper, I was attacked with a very scute pain in my right side. I had felt it coming on for several days, but it did not reach a focus until to-night, and of all intense pains, it was the worst I ever had. Having tried your Balsam be fore for different sliments and found it equal to any emergency. I went down suffering my ast exerciciating pains a I went slong and paid my last quarter for a small bottle of Jackson's Myglo Balsam. Is was with the greatest difficulty I reached home. The medicine was applied to the harting place, and it is a few minutes after the application, I took my pencil, and while I scribble these lines to you the pain has disappeared, leaving me as happy as the usual sun flower, and another dose of the Magic Track in the bottle ready for any pain that might arise. I only wish you as much good luck as your Balsam is efficient, and that is a great deal.

In this view THE CONSTITUTION, after careful examination of the matter, believes that the State should permit the extension of the road as the best business pro position. The company is to furnish all the means to build the extension and is to begin work by June 1st of this year. The State, as her part, is to pay the interest on the bonds, as already issued, for the space of two years, but to compensate herself for this, she is to have the management of the road and the use of the ne

We have simply in conclusion to say that s private individual in the States situation would gladly jump at this measure. The State ought to do what a sensible person would do in his private affairs.
